

REGISTRY OF EXCEPTIONAL COURSES OF DISEASE

FOCUS ON PATIENTS WITH MIGRAINE WHO CONTACT ACUPUNCTURISTS OR REFLEXOLOGISTS IN DENMARK, ENGLAND, NORWAY, AND SWEDEN

Registry of Exceptional Courses of Disease

The Registry of Exceptional Courses of Disease is run by the National Research Center in Complementary and Alternative Medicine (NAFKAM), University of Tromsø, Norway.

We register exceptionally good, as well as exceptionally bad courses of disease related to the use of complementary and alternative treatment. By an exceptionally good course of disease is meant that the patient experiences being healed or that the symptoms disappear, or that the symptoms become fewer and/or weaker. By an exceptionally bad course of disease is meant that the patient experiences having more symptoms and/or that the symptoms grow stronger.

The registry serves as a basis for research.

A special focus on patients with migraine

NAFKAM is collaborating with international acupuncture and reflexology organizations in the collection of exceptionally good migraine courses from Denmark, England, Norway, and Sweden related to acupuncture or reflexology.

Have you experienced an exceptionally good migraine course?

Then we need your experiences!

Please contact your treatment provider (acupuncture or reflexology) or organization or the contact person re. acupuncture: Birte Nielsen, www.birtenielsen.dk – tel. (+45) 56879010
the contact person re. reflexology: Leila Eriksen, www.leilaeriksen.dk – tel. (+45) 43648139

Kind regards
